

### Extendicare Announces Renewal of Normal Course Issuer Bid

**MARKHAM, ONTARIO**, June 26, 2024 – Extendicare Inc. (“Extendicare” or the “Company”) (TSX: EXE) announced today that the Toronto Stock Exchange (the “TSX”) has approved the renewal of Extendicare’s normal course issuer bid (“NCIB”). Under the terms of the NCIB, the Company may purchase for cancellation up to 7,159,997 of its common shares (the “Common Shares”), representing 10% of its public float of issued and outstanding Common Shares. As at June 18, 2024, there were 83,466,978 Common Shares issued and outstanding and the public float was 71,599,973 Common Shares, calculated in accordance with the rules of the TSX.

Purchases under the NCIB may commence on July 2, 2024 and continue until July 1, 2025, when the NCIB expires, or on such earlier date as the NCIB is complete. The actual number of Common Shares purchased under the NCIB and the timing of any such purchases will be at the Company’s discretion. Based on the average daily trading volume of 132,572 during the last six months, daily purchases will be limited to 33,143 Common Shares, other than block purchase exceptions.

Purchases made by Extendicare will be made through the facilities of the TSX and/or through alternative Canadian trading systems, in accordance with TSX rules. Any Common Shares purchased by the Company under the NCIB will be cancelled.

The Company’s board of directors has authorized the NCIB because it believes that, from time to time, the market price of Common Shares may be such that their purchase may be an attractive and appropriate use of corporate funds. The NCIB will provide the Company with additional flexibility to manage capital. Decisions regarding the quantity and timing of purchases of Common Shares pursuant to the NCIB will be based on market conditions, share price, capital needs and other factors.

Under its prior NCIB that commenced on June 30, 2023 and expires on June 29, 2024, the Company had sought and received approval from the TSX to purchase up to 7,273,707 Common Shares. As of June 26, 2024, the Company had purchased 1,121,631 Common Shares under its prior NCIB through open market purchases on the TSX and/or alternative Canadian trading systems, at a weighted average price per share of \$6.23.

The Company has entered into an automatic purchase plan (“APP”) with its designated broker in connection with its NCIB to facilitate the purchase of Common Shares during times when the Company would ordinarily not be permitted to purchase Common Shares due to regulatory restrictions or self-imposed black-out periods. Before entering a black-out period, the Company may, but is not required to, instruct the broker to make purchases under the NCIB based on parameters set by the Company in accordance with the APP, TSX rules and applicable securities laws. The APP has been pre-cleared by the TSX.
